

Whitefish Bay Soccer Club's

FUTSAL

ACADEMY

Futsal is an indoor version of soccer. Its name is derived from the Portuguese *futebol de salão*, which can be translated as 'indoor soccer'.

Futsal is played between two teams of five players, one of whom is the goalkeeper. Unlike some other forms of indoor soccer, the field is delimited by lines, not nets or boards that players can use to redirect the ball. Futsal is played with a #3 or #4 size ball, which is slightly heavier and smaller than the #5 ball used in soccer.

Although the most popular sport in Europe and South America is soccer, futsal is by far the most widely practiced. Some professional players start out with futsal to build fundamental skills. Professional players Ronaldinho, Robinho, Cristiano Ronaldo, Nani, Messi and many more started out playing Futsal. All over the world, the majority of children start out with Futsal rather than soccer, as it occurs in a smaller space and accelerates the development of foot skills. Our goal is to offer Whitefish Bay Soccer Club players the same training opportunity.

Instructors:

- **Sal Scalici** – Whitefish Bay SC Director of Coaching

The curriculum focuses on the basic and intermediate individual foot skills required to play futsal and soccer. Also, there will be a focus on small sided tactics which will help players become comfortable and creative in tight spaces. This unique introduction to futsal is proven to enhance players' foot skills, awareness and creativity.
